

# Welcome to the **Tree.st** MIT Sloan community!

In collaboration with OneSloan and the MIT Trust Center

There are 1000+ people at MIT Sloan and 10,000+ at MIT. Use [Tree.st/MITSloan](http://Tree.st/MITSloan) to find others based on their goals, backgrounds, interests, personalities, courses taken, etc.

Find business partners or skiing buddies, collaborate with others on recruiting ambitions, or any other activity

## Step #1:

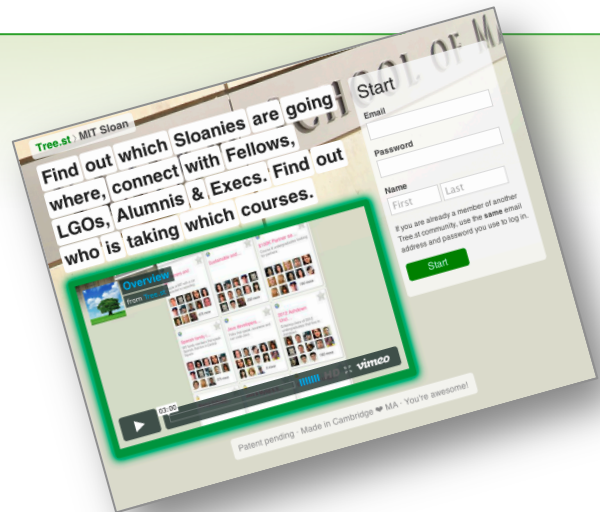

To begin, point your browser to:

[www.tree.st/MITSloan](http://www.tree.st/MITSloan)

Once there, use your **MIT email address** to register

**Tree.st** only supports the **latest** version of **Chrome, Firefox, Safari, iPad/iPhone** and **Android** browsers.

We do not support Internet Explorer

*“Coming together is a beginning; keeping together is progress; working together is success.” – Henry Ford*

**Step #2:**

Once logged in, you will see a friendly step-by-step introduction to the “MIT Sloan” community search engine

After answering the “MIT Sloan” and “MIT” questions you will automatically be added to different “Smart Groups.” There you will be able to collaborate with others that share similar interests.

A 🌳 represents that your answers match the criteria for the presented Smart Group

**Step #4:**

At any point you can layer any number of qualities to search for very specific people in the “MIT Sloan” and “MIT” communities

For example, to find a skiing buddy you can layer the questions: people that like skiing, are free on weekends, and whatever else you’re looking in a skiing buddy

“The greatest real thrill that life offers is to create, to construct, to develop something useful... – Alfred P. Sloan

## **Details about the \$10 gift-card**

Until September 31<sup>st</sup>, the first 100 members of the class of 2014 and the first 100 members of the class of 2013 that answer all the questions of the "MIT Sloan" and "MIT" Tree.st community, and upload a photo will receive an Amazon \$10 gift-certificate.

The gift-cards will be distributed electronically during the month of October. Due to a limited budget, students whose course or track requires them to use Tree.st are not qualified for the \$10 gift-card offer – sorry.

Once you're ready to claim your gift-card reply to the email that included this attachment/link so that I can keep count and deal with the logistics.

Thanks! O.
